## IN MEMORY OF . . .

Superintendent of Schools Michael M. Fortunato passed away suddenly on August 14, 1982. Mr. Fortunato had served as Superintendent of Schools since 1973, after having been Assistant Superintendent for two years.

Mr. Fortunato's help and guidance will be sorely missed by all students at the high school and, indeed, by everyone in the schools and in our town. He was a dedicated and tireless worker for the school department and a congenial and concerned friend of students. Mr. Fortunato was a demanding leader who insisted upon excellence and was committed to providing every student with the best possible education Winthrop could offer.

The students in the high school especially will miss Mr. Fortunato who could always be found in his office at the corner of the school and who was always available to speak with students and offer advice or encouragement. Many students, either arriving very early for school in the morning or leaving late in the day after practice or rehearsal will long remember the cheerful hello and warm greeting from our former superintendent.

The editors and staff of the 1983 Echo wish to dedicate this yearbook to the memory of Michael M. Fortunato.

Peter R. Finn, Superintendent

#### MEMBERS OF THE CLASS OF 1983

Please accept my congratulations on the occasion of your graduation from Winthrop High School. Although this marks an end to one segment of your life, it also marks the beginning of another. The good thing about beginnings is that they allow us to chart a new course and set new goals. Hopefully your experience as students in our school system will prepare you to face the challenges which lie ahead.

I urge you to commit yourselves to becoming active and productive members of our society. We are a better school system because of the contributions you have made, your task now is to make this a better world for us to live in, through your continued contributions.

Sincere best wishes for future success.

PETER R. FINN  
Superintendent of Schools

Seated from left to right: William Miner, Richard Gill, Dr. Donald Clayman, Roland Fluett, Beverly Brody Barisano

John Domenico, Principal

To the Class of 1983:

Graduation is a time for celebrating because it marks the completion of the longest experience you have all shared: twelve years of education. It is a time for looking toward tomorrow, as well as for reviewing the lessons learned in the course of those twelve years.

I hope that you will continue to maintain your record of successful achievements after your graduation. The staff and administration of Winthrop High School congratulate you and stand ready to assist you as you pursue your future goals.

Best wishes to each of you for success, health and happiness.

Sincerely,  
John J. Domenico  
Principal

To the Class of "83"

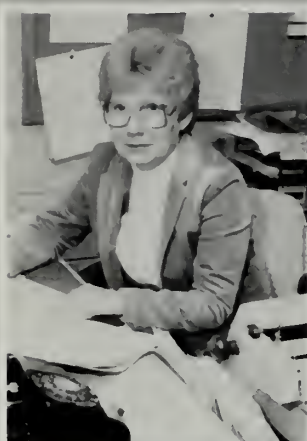

I would like to express to this class a wish that you develop to the utmost of your potential. This can only be achieved by a diligent and continued effort on your part. An outstanding precedent has been established, and it behooves this class to continue striving toward those admired goals.

Matthew I. Boyle  
Assistant Principal

Mr. Ron Spinney

This senior class should pause for a moment on Graduation Day and reflect on its outstanding achievements over the past three years. In the classroom, on the athletic fields, in the theater, and in the community your accomplishments will be long remembered. Every function you sponsored was done with great enthusiasm and class spirit and the results reflected this attitude. I truly feel that Winthrop High School was the better for your presence and will be worse for your graduation. May all your effort and dedication be rewarded in your future pursuits. I have enjoyed being your class advisor and feel as though I have benefitted as a person from this association.

Mr. Spinney

## CLASS OFFICERS

Mr. Norman Harron, Class Day Advisor

Dear Norman,

All of your colleagues at Winthrop High School extend to you our congratulations and our gratitude for your thirty-five years of service to the students, to the community, and to our profession.

Your concern for students certainly had a positive impact. Your contributions as Business Department Head, your sage counseling of inexperienced teachers and your unwavering adherence to professional ethics have been instrumental in establishing your reputation as an outstanding educator. Your willingness and your ability to organize our Senior Class Day will be long remembered.

We hope that you will maintain regular contact with us, and that you will find great satisfaction in your retirement years.

Gratefully,  
John J. Domenico  
Principal
